June 16, 1964

Dear Alex:

STATINTL

Enclosed are three copies of the report required in [redacted] relating to the studies in and investigations called for under our proposal 5058 dated 30 December 1963. Although this report covers the work done to date, we wish to request an extension of the period of performance of the contract through August 15 so that some of the work on low emissivity coatings can continue.

The other study report referenced in Exhibit A is being furnished to you separately.

In addition, we plan to submit proposals on continuation of technical effort in certain areas of the study. These will be forwarded to you in the near future.

Regards.

Charlie
